SKILLS

CAD Modeling and Rendering	<div></div>
Project Management	<div></div>
Equipment Layout Design	<div></div>
Engineering Calculation	<div></div>
Filipino & English	<div></div>

WORK EXPERIENCE

Freelance 3D CAD Modeler

July 2020–Present

- Offers design and creation of 3D models, texturing, simulation, and rendering of mechanical parts, structures, etc.

Studypool.com Online Tutor

April 2020–Present

- Assists students in lessons like Thermodynamics, Programmable Logic Control, Calculus, and Physics problems; and English essays.

RamCAR Inc. Equipment Development Engineer

Nov 2016–June 2020

- Handled design process of New/Improved Equipment like work top chillers and heated cabinets, Automated Donut Line, Rack and Deck Ovens, Automated Gravy Cookers, Display Chillers, High-capacity/efficiency fryers, Steamers, Stoves, etc.
- Created CAD models of equipment and small wares for fabrication.
- Design kitchen layouts for Process Improvement projects

EDUCATION

B.S. Mechanical Engineering

Adamson University

2010 - 2016

CERTIFICATIONS AND TRAININGS

2020 – Electronic Packaging and Manufacturing (SWAYAM)

2020 – Ordinary Level Functions and Calculus & Higher-Level Geometry and Trigonometry (Alison)

2016 – Mechanical Engineering License (PRC)

2015 – Automotive Servicing Training (MAN Automotive Concessionaires)
